This report is FOR DECISION.

EXECUTIVE SUMMARY

- In November 2025, the Surrey Police Board (the “Board”) endorsed a provisional 2026 budget seeking City Council approve \$331,515,621 in funding for total policing expenditures in Surrey based on the information available at that time.
- After the provisional budget was submitted to City Council, representatives from City staff and the Board met on a number of occasions to review line items and amounts and exchange information, during which a number of potential savings were identified.
- In early February, the review of the provisional budget and financial reporting relative to the 2025 and 2026 SPS budgets was completed and, on February 13th, City staff and the Board met to review their analysis and recommendation of an adjusted budget of \$284,561,031.
- On February 13th and 18th, a committee of the whole met to consider the adjustments and review information requested of the Chief Constable.
- After careful consideration, the committee of the whole recommended the Board adopt a motion to adjust the 2026 provisional SPS budget to \$284,561,031 and submit it to City Council on or before March 1, 2026.

DISCUSSION

The Board is required each year to prepare budget estimates for the costs anticipated for policing the municipality of Surrey. The City of Surrey has a duty to bear the expenses necessary to maintain law and order in Surrey, including providing a police service of sufficient numbers to enforce laws and maintain law and order and providing adequate accommodation, equipment and supplies for the service’s operations. The *Police Act* contemplates the Board and City Council working collaboratively to determine a police budget that fulfils the Board’s accountabilities and the City’s duty.

Following the Board's submission of a provisional 2026 SPS budget in November, the Board and City staff continued to review initial estimates and exchange information. On February 13th, City staff provided a budget presentation to the Board (attached as **Appendix I**). During that presentation it was also indicated that requests for additional funds could also be made during the year as may be needed. A committee of the whole met to review the presentation, 2025 year-end results and a detailed review of the provisional budget. Based on the review, committee recommends the following motion:

THAT the Board approve adjusting the 2026 provisional SPS budget to \$284,561,031.
